20年行业

五金零配件加工定制经验

工期短 + 出货快 + 款式多样 + 满足各行业定制需求

20 years of experience in
hardware processing

张家港恒硕精密机械有限公司

Zhangjiagang Hengshuo Precision Machinery Co., Ltd.

公司简介 Company Profile

恒硕精密是一家以产品精密五金配件加工为中心, 生产制造为核心, 能够提供全方位产品设计制造技术服务, 从20年前的纯手工作坊, 逐步发展成全自动、机器人智能机械化作业。公司现有10多名工业设计工程数据输出专业队伍, 拥有日本、意大利等国际知名品牌先进制造设备共20余台, 服务于新能源、医疗器械、特殊金属材料、光学器材、阀门行业、工业自动化、仪器仪表、汽车零部件、机器人、航天船舶、安防、健身器材等领域。

Hengshuo Precision is a company that focuses on the processing of precision hardware parts, with production and manufacturing as its core. It can provide comprehensive product design and manufacturing technology services. From a pure hand workshop 20 years ago, it has gradually developed into fully automatic and robot intelligent mechanized operations. The company currently has over 10 professional teams in industrial design and engineering data output, with over 30 advanced manufacturing equipment from internationally renowned brands such as Japan and Italy, serving fields such as new energy, medical devices, special metal materials, optical equipment, industrial automation, instrumentation, automotive parts, robots, aerospace ships, security, fitness equipment, etc.

张家港恒硕精密机械有限公司是一家专业生产精密五金配件的企业。我们的主要产品包括非标微型元件、不锈钢元件、医疗器械配件、照明配件、紧固件、连接器、仪器配件、轴套、光纤连接器、LC尾把、SC尾把、精密机械零件、光纤通信配件、螺丝螺母、电子产品配件、铜、铝铆钉等; 高标准、高品质、高洁净度的产品, 供客户选择。

特别对镍基合金、F51、F52、625、825、HC276等所有材质有丰富的加工经验, 有很多精密产品出口到国外。

公司的产品引进了台湾、日本等国家先进的设计理念 and 制造技术, 结合各自领域的专业人才, 推出了全系列的加工中心机床和高速旋转钻攻机床, 加工精密机械配件走向国外。公司秉承“质量可靠、客户至上、持续改进”的企业宗旨; 以“质量求生存, 信誉求发展”为宗旨, 共创美好明天。

Zhangjiagang Hengshuo Precision Machinery Co., Ltd. is a professional enterprise specializing in the production of precision hardware components. Our main products include non-standard micro components, stainless steel components, medical device accessories, lighting accessories, fasteners, connectors, instrument accessories, shaft sleeves, fiber optic connectors, LC tailpieces, SC tailpieces, precision mechanical parts, fiber optic communication accessories, screws and nuts, electronic product accessories, copper and aluminum rivets, etc. We offer high-standard, high-quality, and high-cleanliness products for customers to choose from.

We have extensive processing experience with all materials, including nickel-based alloys, F51, F52, 625, 825, and HC276. Many of our precision products are exported to foreign countries.

The company's products have introduced advanced design concepts and manufacturing technologies from Taiwan, Japan, and other countries, combining them with professionals in their respective fields to launch a full range of machining center machines and high-speed rotary drilling and tapping machines, processing precision machinery parts for export. The company adheres to the corporate philosophy of "reliable quality, customer first, continuous improvement"; with the aim of "survival through quality, development through reputation", we strive to create a better tomorrow together.
